Welcome to the Directory of Transportation Firms:

The **Directory of Transportation Firms** is a consolidated list of firms which have been certified through North Carolina's Unified Certification Program as a Disadvantaged Business Enterprise (DBE), Airport Concession Disadvantaged Business Enterprise (ACDBE), Small Professional Services Firm (SPSF), Minority Business Enterprise (MBE), Woman Business Enterprise (WBE) and/or Small Business Enterprise (SBE).

This Directory also contains information on firms that have been prequalified to perform work on NCDOT contracts. Prequalification by NCDOT does not relieve the prime contractor of its responsibility for determining if the subcontractors selected are, in fact, qualified to perform the work for which they are engaged. This Directory is provided as an informational source for prime contractors, subcontractors, and consultants as well as local and federal agencies. Certification for participation in any of the programs listed above is not a warranty or assurance that the firm is qualified or has the capacity to perform the type(s) of work the owner has represented the firm as competent to perform.

The Historically Underutilized Businesses (HUB) data displayed in this directory is maintained by the Department of Administration. For information on HUB vendors, contact the Department of Administration at [Office for Historically Underutilized Businesses](#) or (919) 807-2330 Mon. - Fri. 8:00 A.M. - 5:00 P.M. EST
